HEATSAIL®

---

*No better background scenery for a nice  
long conversation than  
a cosy summer night.*

*Why don't we just make it a  
little warmer and lighter outside,  
so those summer nights can last forever...*

# ABOUT US

---

Heatsail is a Belgian design company, founded in Antwerp in 2012. We have redefined the luxury heating and lighting space. With a focus on product design, elegance and innovation, Heatsail remains the leading name in providing high-quality solutions for an outdoor ambient environment.

HEATSAIL PRODUCTS ARE DESIGNED AND MADE IN  
BELGIUM

## DOME COLLECTION

---

TIMELESS HEATING AND LIGHTING FOR YOUR OUTDOOR SPACE

HEATSAIL

---

## LIGHT

All our products have a build in light so you can enjoy the outdoors even when it gets darker. You can easily dim the light with the control. The light can be used with or without the heating.

---

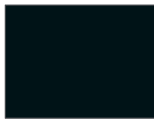

## HEAT

Discrete FAR-infrared heating elements give you the most pleasant warmth. Control your surrounding temperature with different heat settings. The ideal heater for all those cosy spring and autumn days and nights.

## BEEM COLLECTION

---

TIMELESS LIGHTING, MISTING AND HEATING FOR YOUR PATIO

HEATSAIL

---

## LIGHT

The BEEM collection comes in 4 different sizes. 6 lightpoints for the two smaller sizes and 8 lightpoints for the larger sizes are distributed over the length of the BEEM to give you optimal light. The light can be controlled to create the perfect ambient light for every moment.

## BEEM COLLECTION

---

### HEAT

Enjoy the integrated heating and discrete far-infrared heating elements when temperatures are cooling down, but you're not ready to move inside. These elements are evenly distributed over the length of the BEEM, creating equal warmth for everyone. There are two heat levels to support your needs.

COOL

Optional misting can be integrated into our BEEM collection. Channels build in on both sides of the BEEM create a fine mist. A combination of very small orifices and high pressure lets water evaporate in the air before it makes your hair frizz. It can cool the surrounding air up to 15°C.

UNIQUE SHADE SOLUTION

HEATSAIL

---

#### ULTIMATE EASE OF USE

Control the LEAF with the touchscreen. Automatically open or close the LEAF, turn the heating or light on or off with a simple press of a button and enjoy every moment of the day. If you want shade elsewhere, simply rotate the LEAF up to 360 degrees. If you want even more features, you can even opt for optional misting.

---

#### OPT FOR ELEGANCE

Providing needed shade is what our LEAF does best – supplying protection from the elements of nature, it heats, cools and enlightens with undeniable style.

The elegant LEAF-shaped design of this future-proof solution allows it to blend harmoniously into its surroundings.
