Technical Information

Motor Box dimensions: 130 x 145

The Motor Box features an openable cover for easy maintenance access. It can be secured with screws on the top or, alternatively, mounted directly to the vertical guide rails using a special bracket.

Bottom Bar dimensions: 127 x 43

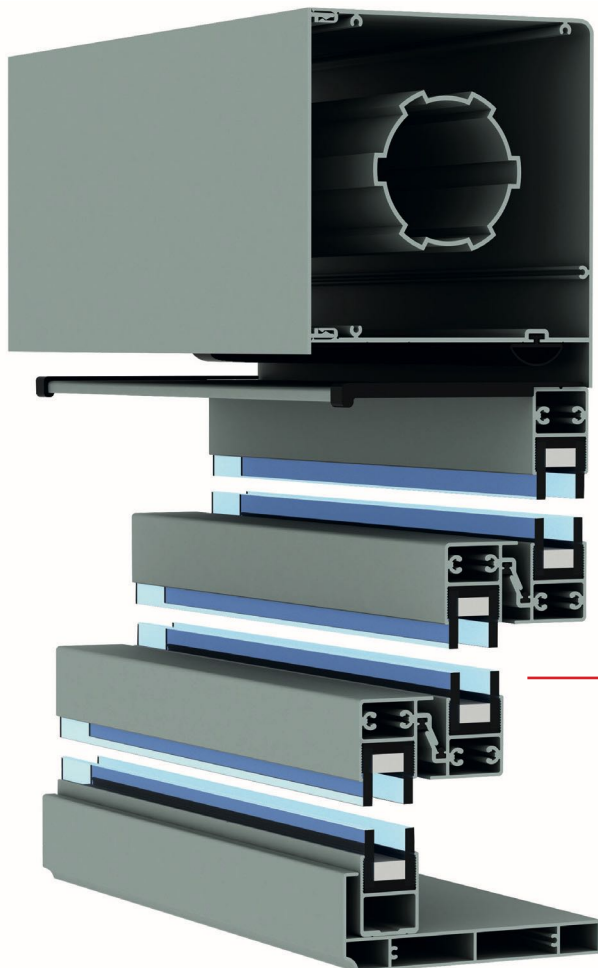

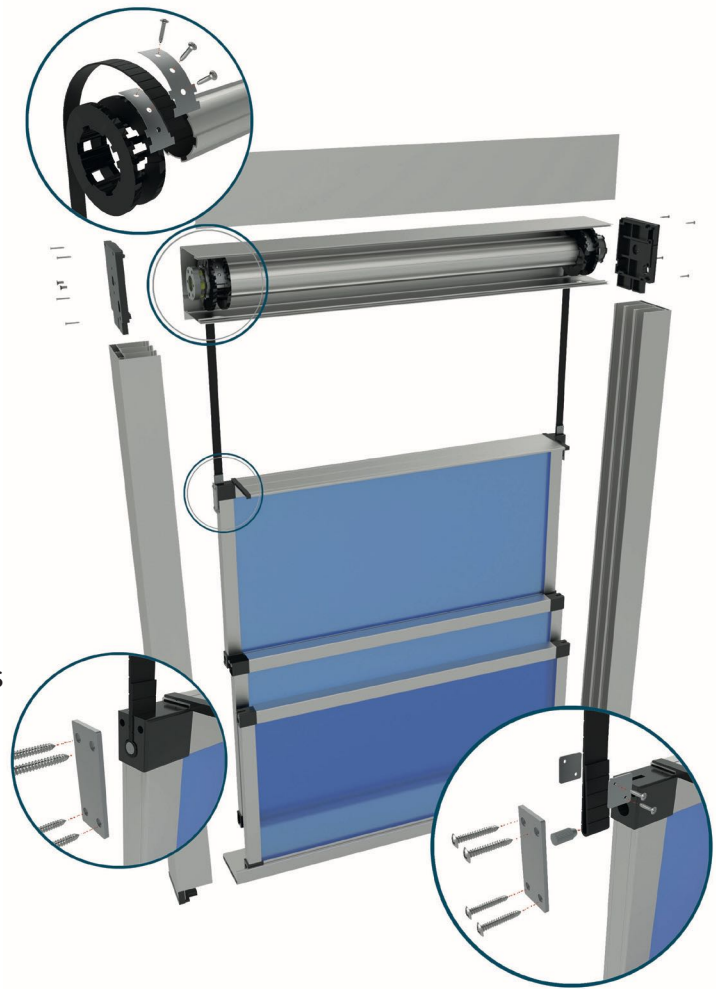

The bottom bar enhances system stability and provides effective water insulation. It also facilitates easier adjustments on uneven surfaces, ensuring a precise fit.

Vertical Channel dimensions: 124 x 84 mm

The vertical channel houses the motion belt while also stabilizing both the fixed and retractable panels. It is composed of four distinct profiles, designed to simplify installation.

Glass dimensions:

5+14+5 double glass with tempered on both sides.

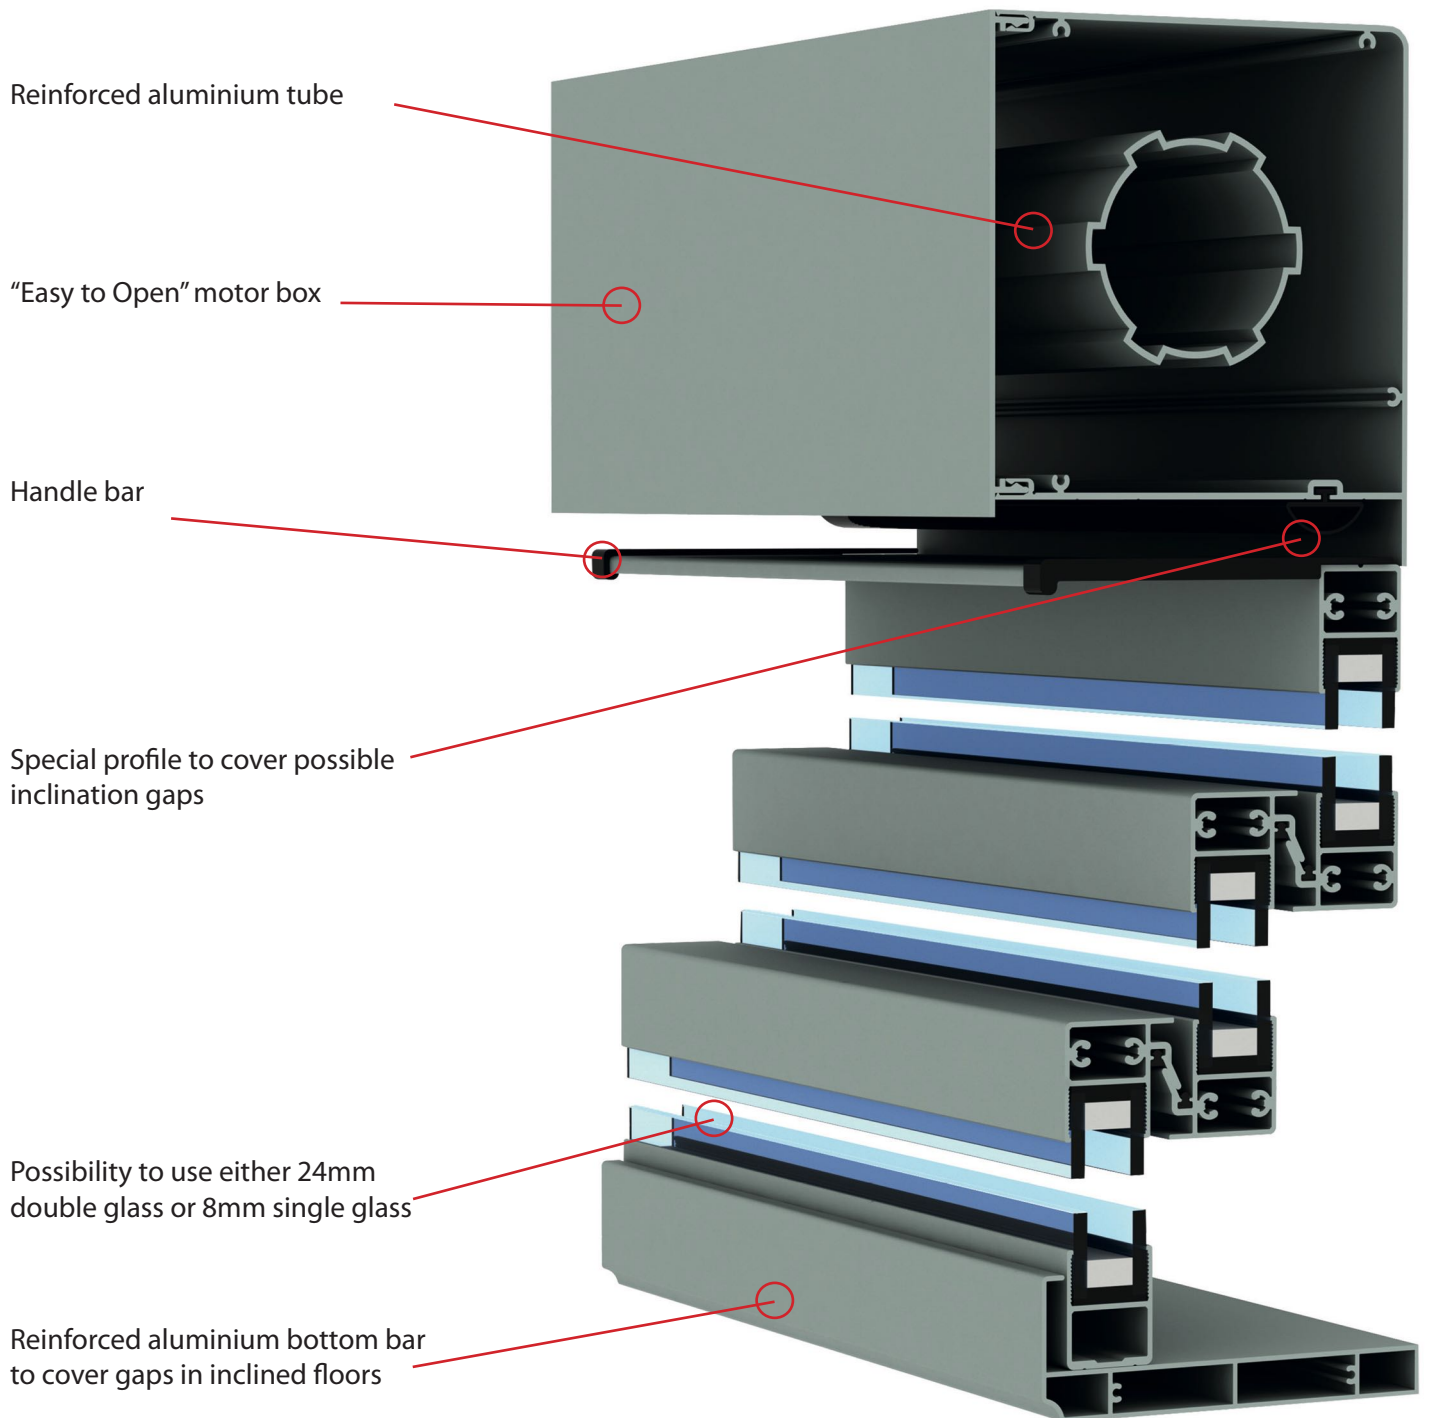

- Motor Box 130X150
- Slim perimeter profiles 35mm
- 5+14+5 tempered glass
- Bottom Bar
