BEEM®

UNIQUE OUTDOOR LIGHTING & HEATING

BEEM by HEATSAIL

*BEEM is a timeless heating & lighting product
that turns your terrace into a place you don't want
to leave during cool cosy evenings.*

*Give your terrace that little added extra. Turn it
into a delightful jewel with BEEM.*

BEEM TIMELESS PENDANT LIGHTING AND HEATING FOR YOUR TERRACE

HEATSAIL PRODUCTS ARE DESIGNED AND MADE IN BELGIUM

BEEM by HEATSAIL

HEATSAIL

Heatsail is a Belgian design company established in 2012 that has redefined the luxury lighting, heating and cooling space. We develop unique technical outdoor products to create lasting experiences by extending the finest moments of a beautiful day.

BEEM by HEATSAIL

LIGHT

When it gets darker you turn on the light. 6 or 8 lightpoints distributed over the length of the BEEM give you plenty of light.

HEATSAIL

HEAT

When it gets chilly just turn on the integrated heating. Discrete far-infrared heating elements give you the most pleasant warmth. They are evenly distributed over the length of the BEEM, creating equal warmth for everyone. There are two heat levels to support your needs.

BEEM by HEATSAIL

COOL

When it gets really too hot, switch on the optional misting. Integrated channels on both sides of the BEEM create a fine mist. A combination of very small orifices and high pressure lets water evaporate in the air before it makes your hair frizz. It cools the surrounding air up to 15°C. Do you want to have control on how and when? Use the smartphone app and you are the cooling master.

Technical information

Rust free & weatherproof

The BEEM collection is made of high quality aluminium, making it suitable for outdoor use.

Low energy usage, zero CO2 emission

The BEEM collection uses less energy than the traditional gas heaters. Because the BEEM collection is 100% electric, it doesn't emit CO2 and has a low energy consumption of only 3,24 kWh (B230 & B290) or 4,32 kWh (B390 & B520).

Low maintenance

By using highly efficient and durable ceramic heating elements and the best materials, the BEEM collection is virtually maintenance free.

Reach & glow

The reach depends on your model, providing a comfortable warmth without red glow.

Colours

Standard in Midnight. Optional in Snow.

Midnight

Snow

B230

Heat 3000 Watt
Light 6 x 40 Watt
Reach 5,75m2
Electrical requirements
Fuse 16 amp
Wiring 3 x 2,5 mm2

B290

Heat 3000 Watt
Light 6 x 40 Watt
Reach 7,25m2
Electrical requirements
Fuse 16 amp
Wiring 3 x 2,5 mm2

B390

Heat 4000 Watt
Light 8 x 40 Watt
Reach 9,75m2
Electrical requirements
Fuse 20 amp
Wiring 5 x 2.5 mm2
or (2x) 3 x 2.5 mm2

B520

Heat 4000 Watt
Light 8 x 40 Watt
Reach 13m2
Electrical requirements
Fuse 20 amp
Wiring 5 x 2.5 mm2
or (2x) 3 x 2.5 mm2
