

## **COLOR COLLECTION**

## THE FABRIC

The choice of the fabric of the parasol cannot be only an expression of the aesthetic taste alone but must always take into account the conditions of use of the fabric itself.

Thanks to our consolidated experience in the market we have carried out a careful selection of colors and fabrics that represents the perfect synthesis between design, performance and technological research, which will guide you in choosing the fabric that is most suitable for your needs.

A collection of more of 83 colors divided into 6 color ranges::

- NOIRS/GREYS
- WHITES/BEIGES
- DESERT
- VOLCANO
- FOREST
- OCEAN

Mixed into 4 technical categories of fabrics:

- ENTRY
- DESIGN
- DESIGN + PERFORMANCE
- TECHNOLOGY
